EDUCATION

BSc in Computer Science & Engineering

American International University - Bangladesh (AIUB)

CGPA: **3.61 out of 4.00**

2022 – 2026 (August)

PROJECTS

The Book Matrix - An Online Book Store

[GitHub](#) | [Live](#)

- Developed a full-stack ASP.NET Core MVC e-commerce system using **3-Layer Architecture** (Presentation, BLL, DAL) and Repository-Service pattern.
- Integrated **SSLCommerz** payment gateway with order processing and payment validation.
- Integrated an AI-powered chatbot using **Gemini API**, enabling natural language interactions for book search, recommendations, and customer assistance.

Tech Stack: ASP .NET Core, C#, MySQL, Entity Framework, Bootstrap, SMTP, SSLCommerz, Gemini API

EVENTO - Event Management Platform

[GitHub](#) | [Live](#)

- Developed a web-based platform for organizing and managing events with **role-based access control (RBAC)** for Users, Managers, and Admins.
- Implemented a secure **email verification system** for user registration and real-time automated notifications for event enrollments and staff assignments.
- Optimized Django ORM queries**, reducing database calls by **60%** and improving page response time.

Tech Stack: Django, PostgreSQL, HTML5, Tailwind CSS, SMTP

Hungry Naki - An Online Food Ordering System

[GitHub](#)

- Developed an Online Food Ordering System using **Java** where users can browse restaurants, view menus, and place food orders.
- Added cart and order features so users can select food items, update quantity, customize orders, and confirm their order.
- Designed a **simple payment** and order confirmation flow to make the food ordering process easy for users.

Tech Stack: Java, OOP, Java Swing, MySQL, JDBC

TECHNICAL SKILLS

- Languages:** C++, Python, C#
- Backend:** ASP.NET Core, Django
- Frontend:** HTML5, CSS3, Tailwind CSS, Bootstrap
- Database:** PostgreSQL, MySQL, SQL Server
- Tools:** Git, GitHub, VS Code, Visual Studio, Swagger, SSMS
- Core Concepts:** OOP, Data Structures, Algorithms, SOLID Principles, Design Patterns

COMPETITIVE PROGRAMMING

- Solved **500+ problems** and participated in **50+** online contests.
- CodeChef : 2 Star [**Highest Rating 1414**, [Arman](#)], LeetCode [**Highest Rating 1533**, [Arman](#)]

EXTRACURRICULAR ACTIVITIES

Member, AIUB Computer Club (ACC)

2023 - 2025

Participated in technical workshops, competitive programming activities, and software development initiatives.
